

# VARN Complete

CLEANERS & REJUVENATORS

## One-step biodegradable plate cleaner and finisher

**COMPLETE** plate cleaner and finisher removes press ink and prepares plates for storage periods of several months.

**COMPLETE** will give non-blinding protection to all types of metal printing plates.

**COMPLETE** has a pleasant odour and has excellent safety and environmental properties for the pressman.

**COMPLETE** is ideal for short term plate protection i.e. During a breakdown or longer term storage.

- **PROLONGS PLATE LIFE**
- **VERSATILE - PLATE CLEANING AND STORAGE**
- **FASTER, CLEANER START-UPS**
- **EFFECTIVE PROTECTION**
- **FOR LONG-TERM STORAGE**

FEATURES	ADVANTAGES	BENEFITS
CONTAINS STRONG DESENSITISERS	● removes scratches and oxidation spots	● extends plate life
CONTAINS ANTI-BLINDING AGENTS	● makes image area ink receptive	● reduces waste
PREVENTS OXIDATION DURING STORAGE	● allows long-term storage of plates	● gives faster, cleaner start-ups
UNIFORM VISCOSITY	● does not run off sponges, cloths etc	● safer working environment user friendly easy application
VERSATILE FORMULATION	● dual application	● economical

### DIRECTIONS

#### For short-term storage up to 12 hours:

Apply **COMPLETE** to a damp plate using a damp cloth or sponge until the majority of the ink is removed. Buff down the remaining complete to a smooth thin film using a clean dry cloth or cotton wool.

#### For long-term storage:

Apply **COMPLETE** to a damp plate using a damp sponge. Remove all the ink and wipe the plate with a clean damp cloth. Re-apply **COMPLETE** and buff down to a smooth thin film to eliminate streaks before allowing to dry naturally. Do not use fan heaters or driers as these can harden or crack the protective film.
