

VARN Supreme

FOUNTS

Fount Solution

SUPREME is a complete product that prints sharper and will give clean, quick start-ups with a definite reduction in ink consumption. Because less ink and water are run, ink comes off the press drier and denser colours are obtained.

Varn Products, ever conscious of the health and safety of the printer, has incorporated sophisticated technology to produce a fount solution with an effective preservative system that will inhibit bacteria growth in pipes, fount pans or in the water system. This Varn technology does not contain formaldehyde.

SUPREME is a non-foaming, fully biodegradable alcohol reduction system. Alcohol can be reduced to 5% and, in many cases, can be eliminated.

- **ALCOHOL REDUCED OR ELIMINATED**
- **IMPROVED DESENSITIZING PROPERTIES**
- **RUNS WITH LESS WATER AND INK**
- **QUICKER START UPS**
- **ASSISTS INK DRYING**

FEATURES	ADVANTAGES	BENEFITS
MINIMAL DAMP	<ul style="list-style-type: none"> ● reduced ink build-up on impression cylinders ● improved ink drying 	<ul style="list-style-type: none"> ● reduced wash-ups of impression cylinder ● reduced set-off
IMPROVED WETTING SYSTEM	<ul style="list-style-type: none"> ● reduced alcohol consumption ● reduced V.O.C.s 	<ul style="list-style-type: none"> ● denser colours ● increased ink mileage ● environmentally friendly
STABLE BUFFER SYSTEM	<ul style="list-style-type: none"> ● accurate control of pH 	<ul style="list-style-type: none"> ● consistent print quality
NON-FOAMING	<ul style="list-style-type: none"> ● better dampening solution control 	<ul style="list-style-type: none"> ● reduced waste

DIRECTIONS

For optimum economy and performance use in conjunction with **VARN GRAPHIC ARTS DOSER DI-150**. Dosage between 2 and 4% depending on local water conditions.
