

# VARN V60 WASHES

## Blanket & roller wash

**V60** is a low-odour, highly effective blanket and roller wash with approvals from major press manufacturers.

**V60** has high anti-corrosion protection and so is ideal for new presses and automatic blanket washing systems.

**V60** is suitable for presses that recycle washes by either filtration or distillation.

- **EXCELLENT INK SOLVENCY**
- **HIGH FLASH POINT (>60°C)**
- **HIGH PRESS CORROSION PROTECTION**
- **LOW ODOUR**
- **CAN BE RECYCLED BY DISTILLATION OR FILTRATION**

FEATURES	ADVANTAGES	BENEFITS
HIGH INK SOLVENCY POWER	● faster wash-ups	● reduced downtime
LOW ODOUR	● safer pressroom environment	● improved conditions for pressmen
APPROVED BY LEADING EQUIPMENT MANUFACTURERS	● compatible with most systems ● validates warranty	● versatility of application
HIGH FLASH POINT	● low-hazard	● safer in use
RECYCLABLE	● lower consumption	● reduced costs and increased profits

## DIRECTIONS

### Blankets:

**V60** can be used neat or with up to 20% water to remove both water soluble and solvent soluble glaze, blanket piling and lint.

### Rollers:

**V60** can be used neat or mixed with water to remove gum glaze, ink and lint. Use with **VARN TAKE IT OFF** as part of a regular press maintenance system.
